84 Moo 3, Rang Ka Yai Subdistrict, Phimai District, Nakhon Ratchasima Province 30110

SUMMARY

I am a motivated web developer with skills in HTML, CSS, PHP, and JavaScript. I have experience with MySQL, UX/UI design (Figma), and React for frontend development. Additionally, I am familiar with backend technologies like Node.js, Python, and Django/Flask. While my coding skills are at an introductory level, I am eager to learn, grow, and contribute to innovative projects in a collaborative environment.

WORK EXPERIENCE

Innovation and Educational Technology Center, Suranaree University of Technology   Nov 2023 - Feb 20224
